CENTURY FARM HISTORIC STRUCTURES AWARD (OPTIONAL)

If your farm includes historic buildings or structures, you may apply for a special Century Farm Historic Structures Award. A farm qualifies if it has four standing buildings (house, barn, granary, chicken coop, etc.) or structures (windmill, corral, etc.) that are more than 100 years old and have not been significantly altered.

- Check if you have a Century Farm Historic Structure to be recognized.

Please attach current photographs of all qualifying farm buildings or structures and label with name of building and date of construction. Copies of historic photographs may be included.

STATE AND NATIONAL REGISTERS OF HISTORIC PLACES

The State and National Registers are lists of properties acknowledged by the Government as worthy of recognition and preservation for their significance in American history and culture, and are administered locally by the Maryland Historical Trust. Benefits of listing include formal recognition that a property is of significance; consideration in the planning for federally and state assisted projects and surface coal mining permits; eligibility for state and federal income tax benefits (investment, donation and rehabilitation); eligibility to apply for federal and state grants or loans for preservation projects.
